

WAHTN

Western Australian Health Translation Network

Research Education and Training Program

“Health Economics in Clinical Trials”

Your invitation to register.

In the interests of providing the **best possible short course in WA for researchers who are incorporating economic evaluation into their research**, the Western Australian Health Translation Network (WAHTN) via its research education platform, the Research Education & Training Program (RETP), is setting up a 3 day course in late November this year. Please see details below.

Workshop name: Health Economics in Clinical Trials

Dates: November 26, 27 & 28 (9-4pm) *ideal for those preparing grants for NHMRC in 2019*

Aim: To bring together health economists who are trained and experienced in economic evaluation to offer a course over the 3 days using an applied approach.

- Provide one-on-one assistance to all participants
- The focus will be on economic evaluation of clinical trials.

Facilitators: Lead presenters are Professor Suzanne Robinson & Professor Liz Geelhoed.

Cost: \$1500 per person OR \$1200 per person (for groups of two or more) participants from the same institution.

Funds will go towards supporting the WAHTN to increase capacity and collaborations in health economics across the state.

Location: Harry Perkins (north) QEII site. Specific details will be emailed to participants closer to date.

No of Places: Maximum of 30 participants

Book your place: Registrations opening on AUG 13, 2018:
