AUSTRALIAN BRITISH HEALTH CATALYST 2019

Australia and the UK face similar challenges: ageing populations, increased health costs and pressures on Government and Health Insurance funding. The Catalyst will examine how digital technology is revolutionising the sector from better management of records, facilities and diagnoses, through to better patient engagement and outcomes.

Aimed at healthcare leaders from Australia and the UK including Government, industry, academics, innovators, technology and research experts, keen to share knowledge in dealing with these issues, and drive innovative solutions.

AUSTRALIAN BRITISH HEALTH CATALYST 2019

8 - 11 JULY, LONDON & CAMBRIDGE, UK

INDICATIVE PROGRAMME INTEGRATED HEALTHCARE IN A DIGITAL WORLD

MONDAY 8TH JULY

Location - London

10:00 Registration

10:15 Australian High Commissioner to the UK

10:30 The Digital Future of Integrated Healthcare

- ▶ What changes need to be made to better service the current requirements and in particular the increasing demands of an ageing population?
- ▶ Addressing the challenges of trust through agreed standards, legal and regulatory frameworks.
- ▶ The place of real world evidence and its impact on healthcare decision making.

12:00 Lunch

13:00 What can Digital Health Technology Services in Australia & the UK learn from each other?

- ▶ How does the Australian Public and Private Health system compare with the largely public NHS system?

15:00 Travel to Cambridge

18:30 Catalyst Dinner

TUESDAY 9TH JULY

Location - Cambridge

09:00 The Care Network of the Future

- ▶ Aligning clinical care, education and research through precincts and partnerships with patients, mobile technology and care when it is needed.

The Biomedical Campus - A patient centered approach

- ▶ Delivering innovative and world-class planning, renewal and design
- ▶ Delivery modeling
- ▶ Funding construction
- ▶ Innovation in design
- ▶ Intelligent Infrastructure
- ▶ Partnerships and collaborations in practice

10:30 Morning Tea

11:00 Commercialisation of Healthcare

- ▶ Leading practice in delivering high value quality investment opportunities arising from digital disruption and integration

12:30 Lunch

13.30 Personalising Healthcare

- ▶ Innovative Research & Precision Medicine driven through technology
- ▶ Developments in Genomics, intelligent drug design and automation, AI and Biotechnology.

15:00 Site Visit
MRC Laboratory of Molecular Biology,
Cambridge Biomedical Campus

16:30 Transfer to Wellcome Genome Campus,
Hinxton Hall

18:30 Keynote Presentation & Panel

19:30 Networking BBQ

AUSTRALIAN BRITISH HEALTH CATALYST 2019

8 - 11 JULY, LONDON & CAMBRIDGE, UK

WEDNESDAY 10TH JULY

Location - London

10:30 Investing in People

- ▶ Qualifications, Portability, Workforce planning & AI
- ▶ Consumer led healthcare – dealing with greater patient knowledge
- ▶ Leadership

12:00 The Consumerisation of Health Record Data - A UK Perspective

- ▶ Patient safety, data privacy and security solutions to ensure trust in digital technology: Governance, Privacy & Security, Improving procurement

13:00 Lunch

14:00 The Consumerisation of Health Record Data - An Australian Perspective

- ▶ Patient safety, data privacy and security solutions to ensure trust in digital technology: Governance, Privacy & Security, Improving procurement

15:00 Afternoon Tea

15:30 Cyber Security in Healthcare

- ▶ The healthcare industry is a prime target for medical information theft as it lags behind other leading industries in securing vital data. It is imperative that time and funding is invested in maintaining and ensuring the protection of healthcare technology and the confidentiality of patient information from unauthorised access.

18:30 Reception

THURSDAY 11TH JULY

Location - London

08:30 Patient Centric Digital Health Technologies

- ▶ Leading Practice in Surgical simulations, Wearable sensors, Telehealth, Ingestible sensors, Connected remote diagnostic kits, Wearable digital diagnostics.

11:00 Morning Tea

11:30 Investment in Healthcare

- ▶ How to improve outcomes through the convergence of technology, devices, patients and professionals

12:30 Catalyst Conclusion, Lunch & Site Visit to I-HUB
