

Accelerating Child Health Research A Systems Biology Symposium

Co-hosted by the *Respiratory Research Centre*
& *Centre for Personalised Medicine for Children*

11-13 November 2019

Auditorium, Perth Children's Hospital

SYMPOSIUM THEMES

Precision
health

Multi-omics
applications

Systems
epidemiology

Data
integration &
visualisation

Monday & Tuesday: Speaker Presentations

Wednesday: Interactive data workshops (numbers are limited)

DISTINGUISHED SPEAKERS INCLUDE

Prof. Bob Hancock

Canada Research Chair in Health and Genomics; Director, Centre for Microbial Diseases and Immunity Research, University of British Columbia

Prof. Scott Tebbutt

Division of Respiratory Medicine, University of British Columbia; Centre for Heart Lung Innovation, St. Paul's Hospital, Vancouver

Prof. Jianguo (Jeff) Xia

Canada Research Chair in Bioinformatics and Big Data Analytics, McGill University, Canada

Prof. Peter Gething

Kerry M Stokes Chair of Child Health, Telethon Kids Institute; Professor of Epidemiology, The Big Data Institute, University of Oxford.

Prof. Pinaki Panigrahi

Center for Global Health and Development, University of Nebraska Medical Center College of Public Health

Abstract Submissions – APPLY NOW

A limited number of oral presentations will be selected from submitted abstracts.

We strongly encourage early and mid career researchers to apply. If you wish to be considered, please submit your abstract (300 word limit) to: respiratory.research.centre@telethonkids.org.au.

Please note there will be no poster presentations at the Symposium.

REGISTRATION OPENING SOON

Enquiries: Mitali Manzur
